brass ensemble originally for trumpet and orchestra canadian brass virtuoso fred mills expertly arranges it here for trumpet solo and brass quintet

hummel was appointed the successor to joseph haydn as konzertmeister for the court orchestra of nikolaus ii prince esterhazy in 1803 for the opening concert marking the new appointment which was held on january 1 1804 hummel composed his three movement concerto for trumpet with anton weidinger in mind the same trumpet virtuoso for whom haydn wrote his own famous concerto hummel's concerto was originally in the key of e major and weidinger is believed to have modified some passages to ease performance the piece is most often heard today transposed to e flat major the same as for haydn's concerto as performance is generally easier and considerably more effective in that key this new study score in e flat major is a reduced format version of the newly engraved large score edited by clark mcalister first issued in 2012 by e f kalmus

one of the best known pieces for solo trumpet is now available for quintet the solo trumpet line is mixed throughout the 2 trumpets and the horn both the trombone and tuba are active with running scalar passages and the horn is given the solo in the second movement the original 4 movement work scored for solo trumpet 2 violins and continuo in d major has been transposed into b flat concert for ease of performance

haydn composed his famous concerto especially for trumpet for his friend anton weidinger 1766 1852 a virtuoso performer who developed a special keyed trumpet which allowed a full chromatic scale weidinger's invention while somewhat successful was ultimately superseded by the valve system used now in the 1830s haydn's concerto was first performed on march 28 1800 in vienna with weidinger as soloist not long after his appointment as imperial royal court and theatre trumpeter the new study score offered here is a reduced size format of the newly engraved and well researched large score prepared in 2010 by clark mcAlister

this arrangement uses excerpts of the concerto transposed down to b flat minor to create a solo trumpet feature in a brass quintet setting this concerto's combination of lyricism and virtuosity make it an ideal choice to demonstrate the harmonic richness and melodies of the romantic era while featuring a trumpet soloist

the bibliography lists nearly 5 000 compositions by 200 composers of jazz and art music indicating where scores or realizations can be purchased rented or borrowed and which boston area libraries have them in their collections

a cumulative list of works represented by library of congress printed cards

this concerto by johann valentin rathgeber was originally written for two trumpets and strings this work is not unlike the double trumpet concerto of vivaldi with the two outer movements full of imitation and rhythmic interest the key has been transposed from eb to bb concert
